

# Wisdom Culture presents...

*"Water, like religion and ideology, has the power to move millions of people. Since the very birth of human civilization, people have moved to settle close to it. People move when there is too little of it. People move when there is too much of it. People write, sing and dance about it. People fight over it. And all people, everywhere and every day, need it." -Mikhail Gorbachev*

## **The One World , One Water**

"OWOW Is an inspirational and educational series of musical and multimedia concerts. The OWOW concert series is dedicated to bringing together communities using art and music as a means to restore sacred connection and inspire social responsibility towards preserving and protecting the Waters of our world."
